A/R RECOVERY CLEAN UP PROJECTS

Have you discovered a gap in your financial flow? With the complex functions of a medical practice lost revenue may go unnoticed until major cash flow issues arise in your practice. Working the aging reports is an important task in any medical practice. Finding the time to do so effectively, is another distress. We have staff that is solely dedicated to working and resolving unpaid claim issues and making sure that the provider is reimbursed the maximum allowable due. This process also includes billing for the patient responsibility amount. Did you know that the patient responsibility makes up your allowable reimbursement?

Don't leave money laying on the table ...

COMPLIANCE IMPLEMENTATION

The fastest and easiest way to create an effective compliance plan – in just days.

Let Chronicles Billing Inc. help incorporate an Effective Compliance Plan in your medical office. We will customize a compliance toolkit for your medical practice. Included in your toolkit will be customized forms, policies, and steps necessary to become compliant and remain compliant with HIPAA, OSHA, and CLIA.

We will help simplify plans which may be otherwise confusing and convert them down into a simple questionnaire format, with plenty of resources available.
